Fortieth Anniversary . . .

Israel's Vicious Atrocity . . .

Against our USS LIBERTY . . .

34 Sailors and Marines Killed, 172 Wounded

**NOTICE: THERE WILL BE NO UP-TO-DATE COMMEMORATION  
OF THIS EVENT ON MY RADIO BROADCASTS THIS YEAR  
AS IN YEARS PAST**

**TWO QUESTIONS . . . WHY? WHY?**

Because the "Focus on Israel" radio program has been silenced. My God-blessed, Spirit-led, "live and in person," and often extemporaneous truthful speech about Israel's and Jew's misdeeds (biblical era misdeeds as well as today's misdeeds) has been forbidden, gagged by radio station WFAX. (I have also been required to do something no man of God will ever do: Submit up-to-date new broadcast messages for approval. What other Gospel radio broadcaster must submit his God-given messages for approval?)

Soooo . . . In order for you to know what I would like to say on the radio "live and in person" on this fortieth anniversary of Israel's attack on our USS LIBERTY this year, you must read Chapter 6 of Congressman Paul Findley's book They Dare to Speak Out, and Chapter 13 of my book On the Wrong Side of Just about Everything but Right about It All. (FIRST TIME DISCLOSURE: I have been told that three, perhaps four American pilots flew for Israel in the attack on the LIBERTY, and that one Israeli pilot refused!)

Now,

Since I mentioned my controversial book above, On the Wrong Side of Just about Everything but Right about It All,

**IT IS HIGH TIME  
FOR ANOTHER GOOD QUESTION TO BE ASKED.**

## THE SECOND GOOD QUESTION:

If Dale Crowley Jr. was so right about so many things . . . including the Iraq war blunder . . . and said so boldly on the radio and in print in 2003 . . . and in his book On the Wrong Side of Just about Everything but Right about It All in 2006 . . . could it be possible that he was right about all the rest as well???

Such as:

Scofield dispensationalism is heretical  
 LaHaye's "Left Behind" fantasies are unbiblical  
 America's heritage is Christian, not Judeo-Christian  
 Christ's crucifixion and burial--Wednesday, not Friday  
 Evolutionism is an unscientific hoax  
 Israel not the promised land; Jews not the chosen people  
 The Iraq war--the greatest blunder in America's history

## READ THESE PROPHETIC INSIGHTS FROM CHAPTER 12--

"The Gospel to Iraq, Not Bombs, Guns, Bullets, and Soldiers;  
 Support the Troops; Impeach their Leaders"

On page 194: The war against Iraq . . . is unnecessary, misguided, unwise, un-American, and unbiblical. Jeremiah Crowley warned Jehoiakim Bush not to go to war against Nebuchadnezzar Hussein . . . the parallels are astonishing. (Jeremiah Chapter 36)

Prediction: This unnecessary war will turn in to an expensive, unmanageable, chaotic quagmire, and will prove to be one of the worst blunders ever made by a President in the history of the U.S.A. Note: I have not had to change my mind or apologize for any of these predictions and assertions made in 2003 and 2004. I was right about it all from the beginning.

The Arab people of the world are proud, accomplished people who do not want white men from the West invading, occupying and overrunning their countries, telling them what to do, how to behave, what kind of government they should have, and who their leaders will be. They are offended, and they resent such condescending arrogance.

On page 195: Saddam Hussein, with all his faults and evils, knew how to manage his fractured society. He protected Christians and churches from Moslem fanatics. He protected Sunnis and Shias from each other. He meted out swift punishment to murderers, rapists, sodomites, burglars, robbers, muggers, looters, and thieves. I would much rather walk the streets of Baghdad under Saddam Hussein at midnight than the streets of Washington under Mayor Tony Williams.

Now all that totalitarian control is gone, and the lawless are running the streets, towns, villages, and cities of Iraq.

Why didn't President Bush listen to the warnings of those who know that part of the world better than he does.

Yes, of course! Bush 43's fantasy that democracy will spread to Iraq, to the entire Middle East, and then to the world, is iden-

tical to his father 41's vision of a New World Order (a Skull and Bones doctrine).

The Bible does indeed predict a one world government in the end times before our Lord returns. It will be a world of satanically inspired "peace and safety." But there is an irony here: Those nations of the world that at the present time maintain a semblance of law and order, such as Saudi Arabia and Iran, do not want our "freedom and democracy" with its divorce, dysfunctional families, out-of-control children, failed schools, fornication, pornography, unwed motherhood, abortion, and Hollywood style immorality, drunkenness, and crime.

On page 196:

President Bush has had much to say about an "axis of evil," made up of Iraq, Iran, and North Korea. Well, now that the war against Iraq has begun, I think it is clear that the most dangerous "axis of evil" in the world today consists of the United States of America, Israel, and the United Nations...capable together of perpetrating far more death, destruction, and misery upon the people of the world than President Bush's "axis of evil" ever dreamed of.

Now President Bush has come up with a "Road Map to Peace in the Middle East." But he forgot the first stop on his map. The first stop to any "road map to peace in the Middle East" must be Capitol Hill, where Congress must be told to terminate all U.S. giveaways and no-interest loans to Israel immediately. Support for Israel is the root cause of the 9/11 Twin Towers terrorist disaster, the war in Iraq, and continuing terrorism against the West worldwide. We have paid a high and terrible price for our stubborn, insane support for the anti-Christian, apartheid, immoral, terrorist nation of Israel.

Why yes! Of course! How were our elite rulers sure that Iraq had weapons of mass destruction? Easy! We supplied Saddam Hussein those weapons during the 1980s, when we were in love with him, and encouraging him in a bloody, brutal war against our former friends, Iran. We are a country gone crazy without God.

What right does any nation have to tell another sovereign nation what kind of and how many weapons it can have? How is it that

Iraq is not permitted to have nuclear weapons, while Israel can keep several hundred nuclear weapons, without so much as a peep from the U.S. or U.N. ?

- - - - -

On page 197:

Part of the high price that we are paying for our going to war against Iraq on behalf of Israel is that the lives of Americans around the world—tourists, businessmen, missionaries, all—are in constant jeopardy. And I resent it.

- - - - -

We are now the most proficient nation in the world in the business of destroying cities and nations, and then rebuilding them. There was a time when we were famous for building schools and hospitals and churches, and sending Bibles and books, teachers and missionaries, and good will to the people of the world. Now those activities are at an all-time low, while our elite rulers think it is God's will and their business to spend our finest and most expensive resources—especially lives—on destruction. God will judge us/US for our changing and misplaced priorities.

- - - - -

I said several times during the 2000 nominating process that one Bush in the White House was enough. And in 2003 I have not changed my mind. **(Now we know—four years later in 2007--that this man has wrecked the Republican Party, the Republican majority in Congress, the national economy, our military, and our reputation in the world. His one and only accomplishment—a new Supreme Court.)**

On page 198:

How can I as a Christian citizen who loves his country, and prays, and works hard for God's blessings upon it, vote for a man who is a member of a secret, occult, Satanic, society (Skull and Bones), who took our country into a costly war—not because he had to, but because he wanted to—and who is said to be the best friend anti-Christian Israel ever had in the White House?

If John Kerry wins this election, it will tell us more about America and Americans than about John Kerry...just as Bill Clinton's reelection victory in 1996 told us more about America and Americans than about Bill Clinton. We blame the elected politicians too much. We the voters and electors are the problem.

This is the Gospel radio ministry that is characterized by straight thinking, plain talk, and bold action. Just coming to the studios of radio station WFAX and sending out this kind of straight thinking and plain talk is—in and of itself—bold action.

You'll hear it first and perhaps only on THE KINGS BUSINESS radio program, and sometimes you'll hear it before it happens.
